

## COUNTY COMMISSIONERS.

The County Commissioners met on Monday, August 6th, and transacted the following business:

On motion, it is ordered that within ten days the Sheriff file a new official bond as Sheriff in the sum of \$10,000, and an additional bond as License Collector in the sum of \$2,500; and J. C. Henderson a new bond in the sum of \$5,000, conditioned according to law.

James Spurling, appearing before the Board and making a statement. On motion, it is ordered that James Spurling be and is hereby allowed \$50 per month for board hereon, and it is further ordered that the contract existing between the county and E. D. Turner for taking care of said Spurling be discontinued from this date.

The following bills were presented and allowed: N. H. Carlow \$20, G. W. McLean \$37, W. C. Moody \$10, Joseph Percival \$100, Chas. Wiederhold \$3, E. D. Turner \$129, T. C. Ponce \$15.25, J. M. Hamford \$113.50, Thompson Campbell \$278.03, Floral Springs Water Co. \$33.65, Record Pub. Co. \$30, Thomas Quillen \$5.25, Colonel Dowd \$10, A. L. Bancroft & Co. \$27.50, Atlantic & Pacific Tel. Co. \$30, J. M. Hamford \$9, G. R. Alexander \$5, J. Eisenmann \$9, J. P. Curtis \$135, Wilson & Coumberth \$7.75, R. P. Dayton \$1, S. L. Lee \$2.25, Jas. Spurling \$50.

Bills of T. C. Ponce, Miles Quillen.

**BULLIONVILLE.**—The business portion of Bullionville has been looking up considerably of late owing to the fact of the large number of men employed at the two mills, the furnace and the concentration works. New boarding-houses, restaurants, bar-rooms and other branches of business have been started, all doing a thriving business. The only set back to the place now is the sickness that has been prevailing there during the intense warm weather, but as we are getting over the "heated term" it will again be in a healthy state before long. The furnace is not yet running; it is being re-fitted and otherwise repaired while awaiting a supply of coal with which to start. As soon as coal is on hand it will commence work again and there will be no more occasion to shut down on that score as the supply will be kept up constantly.

**BRISTOL DISTRICT.**—From Frank Wheeler, who returned from Bristol District on Wednesday, we learn that the whistling-works of the Mayflower mine are up and have commenced running, works well and hoists rapidly. The shaft is now down 135 feet; have broken through a boulder at the bottom of the shaft and have struck ore which assays from \$40 to \$200 per ton. The ore-body is increasing in width as depth is obtained; the prospects looking better as work progresses. Steady work is kept up on the mine, day and night shifts being run.

By letter received from Picket Post, Arizona, we learn that that place is very dull, owing to the celebrated King mine not having paid off its employees for seven months. This is caused by litigation, of which the mine has a considerable number on account of titles. The mine never looked better than it does at present, the ore being very rich, showing plenty of native silver. The Silver Bell is also another rich mine in that district, but only a small amount of work has been on it as yet—lack of capital being the cause.

**RAYMOND & ELY.**—There are still further improvement in the quantity and quality of the ore on the 1200-foot level as work progresses. The ore stopes on the 1000-foot level are looking very well and turning out well. In the other portions of the mine there is no change to report from our last; they are looking as well as they have previously. The Nevada Central is in good order, making regular trips. The mill continues to run on tailings.

**REDEMPTION FUND.**—The following bids for the surrender of county indebtedness were received and accepted by the Commissioners on Saturday, the 4th instant, for absorbing the amount in the redemption fund:

P. Harrison	.....\$35 00/100	\$21 77
H. H. Day	.....39 00/100	25 23
R. W. Rand	.....27 00/100	22 95
A. Thompson	.....510 40/100	463 46
John Roeder	.....42 00/100	36 21
T. Campbell, Trustee	.....427 50/100	384 74
Total	.....\$1085 00	\$953 39

**WILL CLOSE.**—The land offices at Pioche, Eureka and Elko are to be consolidated, the archives and business are to be transferred to the Land Office at Eureka. In pursuance of the order to that effect, J. W. Wright, Receiver of the Land Office at Pioche, gives notice in today's Record that it will be closed on the 14th day of September, 1877.

**DISTRICT COURT.**—The District Court met on Saturday, August 4th, relaxing the Sheriff's coat bill being all the business transacted. Court adjourned to Monday, August 6th. Court met on the 6th, and there being no business before it, it was adjourned until the first Monday in October, 1877.

**DEFOR for St. Louis Lager Beer.**—the best in the world—fine Brandy and Whisky—in brief, the best of everything, at Pausa Saloon, 1000 Main street. One Price! One Bit!! St. Louis beer by the bottle, 50 cents to families.

**LEADS BULLION.**—\$6,638.36 arrived from Leeds during the past week.

## ANNUAL ELECTION.

Pioche Hose Company held their annual meeting on Monday last and transacted the following business:

The following resolution was offered by the Foreman and adopted by the Company:

Whereas, Jan. J. Halpin, on his recent visit to Pioche, requested me, as Foreman of the Company, to have the fire-bell taken from his house, that it was injuring the building, and using language not the most complimentary to Company, and to the citizens generally; therefore, resolved, that the President appoint a Committee of five members to remove the bell to the house of the Company as soon as it can be done.

The Committee appointed was D. C. Clark, Thompson Campbell, Chas. Stein, H. Welland and E. McAvoy.

The election to serve for the ensuing year resulted as follows: President, R. H. Elam; Vice President, R. P. Dayton; Secretary, Louis Sultau; Treasurer, D. C. Clark; Foreman, Thompson Campbell; 1st Assistant, Chas. Stein; 2d Assistant, Sam Stoddard.

The meeting then adjourned.

**ABOUT WATER.**—A row occurred at the Floral Springs Water Company office on Tuesday morning last, owing to the office not being opened in time to suit some of the customers. Mat. Schuetz's teamster had taken eight horses down to the office to water them, and on not finding the office opened he rapped at the door, and receiving no reply, commenced to kick at it, on which a voice from the inside told the teamster "that he would not do that if a man was in front." This irritated the teamster, who replied that if the aforesaid man would come out he would use him in a like manner. The owner of that voice did come out, when both parties grabbed rocks in their hands, the teamster knocking the employee down and beating him over the head with a rock. They were finally separated, both running and getting six-shooters, but were prevented from using them by outsiders. Doctor Philson was called in to attend the injured man and found his skull was badly fractured.

**JURIST COURT.**—A complaint was made on Wednesday by Antonio Silva against R. Riepe, of the Bank Exchange Restaurant, for selling liquors in the way of his business without first obtaining a license. The origin of the complaint was that Silva owed to the restaurant a fair sized board bill, and not settling when he received his pay his wages were attached, or garnished, to make him pay. The defendant in the action for selling liquor pleaded guilty to the charge and was fined by Justice Allen, who, being aware the action was a spiteful arrangement, \$10, the lowest limit of the law. Restaurants will have to beware that when boarders owe them, if they want their money, that they have not similar complaints entered against them, as we believe it is a general practice of restaurants throughout the State to sell liquor by the bottle without a license.

**STAGE MATTERS.**—A small sized row occurred on Monday night last at Shuckles' station, fourteen miles this side of Hamilton, between Wells, Fargo & Co.'s messenger and the driver, in which Eugene was obliged to "bounce" the driver a couple of times for knowing too much about the business and not obeying orders. Blair drove the stage in from Prairie's ranch on Tuesday, owing to the driver at that station having hurt his hand so as to be incapable of driving that trip. The roads are becoming to be dusty and very disagreeable; the stages generally crowded, travel being on the increase to this camp.

**NEARLY A FIRE.**—The stable opposite the Court-house, which is occupied by the stage company for stabling their horses, came very near going up in smoke last Tuesday afternoon, the straw and hay scattered over the manure in the back yard having been all burned and the fence and stable was about to take blaze, when it was discovered by Mrs. Page, who informed one of the Deputy Sheriffs, and he hastened to the stable and quenched the flames.

**BOARD OF DELEGATES.**—The Board of Fire Delegates held their regular monthly meeting on Wednesday evening. Counting the votes for Chief Engineer, First and Second Assistant Engineers, showed the result to be as previously announced. The new members of the Board from Lightner Hook & Ladder Company were sworn in as members. The Secretary tendered his resignation, but it was not accepted. The Board then adjourned.

**PAY-DAYS.**—Monday last was pay-day of the Raymond & Ely mine and mill and yesterday was the pay-day of the Alps Company and also the merchandise account of the Raymond & Ely. Over \$40,000 was disbursed. These pay-days have contributed not a little toward infusing new life into the veins and arteries of the town and trade.

**STOCKBROKER.**—W. E. Griffin has incorporated with his banking business that of buying and selling stocks on commission at low rates. He will purchase or sell any kind of stock on the Stock Boards, also railroad stocks. See advertisement under "New To-day."

J. ROSENBLUM will open his stock of dry-goods, clothing and furnishing goods at the store on Main street, adjoining Philadelphia Brewery, in about a week, where he will be prepared to sell articles in his line at low prices.

R. HYMAN, Agent.

**PIOCHE BULLION.**—Wells, Fargo & Co. shipped during the past week bullion amounting to \$12,079.99.

**ALL ABOUT THREE DOLLARS.**—The denizens of Main street were considerably excited on Monday afternoon last by hearing as yell and seeing a long-legged individual in hot pursuit of a little wee banty-legged fellow. The small sized individual found just about that time that it was necessary to take some medicine, and accordingly darted into a drug store, thus saving himself from entire annihilation. On inquiry as to the cause of the disturbance we found that the small fellow, who has charge of a clothing store, claimed that the tall one owed the sum of three dollars, and had sent several dunning letters in regard to it to the tall party, winding up with the remark that if the said sum was not paid the next time the tall man appeared in Pioche he (the tall man) would "see some fun." The tone of the letter did not exactly suit the tall gent, in fact it made him choleric, although generally of a suave nature, so meeting the storekeeper on Monday on a visit to Pioche he asked an explanation. This was accorded to him by a demand for the amount of the bill, with the addition that he was a swindler if he did not settle such a small amount. This aroused the ire of the tall gent, who, throwing out his "right bower" in the most approved style, countered on his opponent, and sent him to grass. On recovering he fled in the manner described at first; however, leaving behind words implying that the aforesaid tall man had something to do with a "female canine." The District Attorney was sought by the outraged clothier and a complaint lodged against the offender; but upon second thoughts, and second thoughts being always best you know, he withdrew the charge.

**ASSESSOR NOTES.**—We learn from the County Assessor, who is now busily engaged in assessing the town of Pioche, that the personal property assessed this year in Pioche will be 60 per cent. less than it was a year ago. This is owing to the merchants having such small stocks of merchandise on hand and to the large removal of personal property to Silver Reef, Ward and other camps. The assessing of Main street will be the last portion of the town, and will probably be finished up in about a week.

**DEPARTED.**—Judge Rives left here on Wednesday for the East for the purpose of bringing his wife back to Pioche, she having been residing East on account of ill health. The Judge will return previous to the first Monday in October, at which time Court opens. Jos. Rich also left by the same conveyance for a trip to the East on business matters. A. J. Blair, thinking that it would benefit his health, left on the Salt Lake stage for a short visit to Silver Reef.

**SHERIFF MCKEE** returned on Tuesday from his trip to Carson, having conveyed the Reservation murderers to their destination safely. He visited Virginia City and Reno, where the different officers vied with each other in showing him everything of note and all the attention possible. Mac was well pleased with his trip, enjoying it all except the return from Eureka, from which place he was rather cramped from room.

**TAX SUITS COMMENCED.**—We publish in to-day's issue a list of twenty tax suits commenced before Justice Allen by the State of Nevada for delinquent taxes. A summons has been issued in each case, and unless a settlement is made before, judgment will be taken in each case on the 12th day of September.

**VIOLIN STRINGS.**—Charley Wiederhold has just received a large lot of genuine Roman violin and guitar strings, pure silver "G" strings, rosin, tail-pieces, pegs, etc. These necessary paraphernalia to musicians have been very scarce in Pioche and Charley is now ready to supply the want long felt.

The melodious and sonorous voice of the festive bullwhacker was heard in the streets of Pioche on Thursday morning last, it being the first occasion of the kind for months.

**SALE OF LOTS.**—Mortimer Fuller calls attention to his sale of lots in the Town-site of Pioche, to take place on the 24th day of September next. See advertisement.

**FARO.**—Faro has been running pretty lively in Pioche during the last several days and "eye tiger" has been kept quite busy clawing in the boys coin.

A "BIG HEAT" will be taken off at the Raymond & Ely foundry to-day.

**CORN'S Mammoth Clothing and Dry Goods Emporium**, at the old stand on Main street, opposite Meadow Valley street, has again opened with a new and well selected stock of goods pertaining to a first-class establishment. Everything new, nobby and stylish. Satisfaction guaranteed in every instance. Call at the old stand, where goods are sold at bottom prices.

Henry Corn, Main st. opposite Meadow Valley st.

**LADIES**, do you want to buy goods cheap for cash—go to J. Myers & Bro.

**KRAUSE** is known to have the very best imported genuine Havana cigars. If

Clothing cheaper at Clute's than any other place in town.

**J. MYERS & BRO.** are selling shoes at San Francisco cost.

**FRESH Garden Seeds** at G. R. Alexander's Drug Store.

**STYLISH Business Suits** at Clute's for \$17.50 to \$22.50.

**MINERS** call at Clute's for your supplies.

Go to Clute's for Brilliant Coal Oil.

If you want bargains in the dry-goods line, go to J. Myers & Bro.

Go to Clute's for fine groceries.

## LATEST NEWS BY MAIL.

**CINCINNATI, August 6.**  
A special from Hopewell, Greenup county, says: In a fight this afternoon between David Floyd and his two sons and Dick Floyd, an old man aged 81 years, on one side, and Joseph A. Martin and his two sons on the other side, David Floyd was shot through the bowels and Dick Floyd was shot in the forehead. The Martin boys were both shot, one thought fatally, but the extent of the others' injuries is not known. The affair originated in a dispute between the parties in June last.

**PHILADELPHIA, August 6.**  
The Maritime Exchange has appointed a committee to urge the united action of the members of the different exchanges in the prosecution of their claims; to consult with legal authorities and ascertain on whom fall the onus of losses and damages by the recent strikes, and to decide as to the best method of preparing, presenting and collecting claims.

**CHICAGO, August 6.**  
Two hundred and eighty regulars arrived to-day, relieving the National Guards. The miners of the Delaware, Lackawanna and Western Companies show no sign of returning to work, and threatening letters continue to be addressed to mechanics who are thought to be in favor of going to work in the car shops.

**LOUISVILLE, August 6.**  
The workmen meet elect out of seven candidates to the Legislature over the regular Democratic nominees in the City of Louisville.

**CHICAGO, August 7.**  
A Green Bay, Wisconsin, special says: The farm village of Eaton, Brown county, Wisconsin, was totally destroyed by fire. The forest has been for five weeks on fire, extending many miles in every direction, destroying many millions of feet of timber and thousands of dollars in other property. Some twenty-five families were burned out in Eaton, losing everything they possessed. One family is reported to have perished in the flames and four others are missing. Great suffering exists among the homeless people.

**ST. LOUIS, August 7.**  
A large number of men paraded the streets last night. They were dispersed by the authorities and 47 arrested.

**NEW YORK, August 7.**  
A dispatch from Berlin says: The Emperors of Austria and Germany met near Ision, Wednesday last, and the conference was very important. Emperor Wilhelm urged strict neutrality on the part of both Austria and Germany. A dispatch from Vienna says the formation of Russian Landwehr has been found to be difficult owing to the great want of organization.

**BELFAST, IRELAND, August 7.**  
The Nationalists to-day held a demonstration, celebrating the birth of O'Connell. Disturbances occurred in several parts of the town. Some houses were wrecked and a number of persons wounded. Up to a late hour the military, infantry and cavalry were patrolling the streets.

**BERNEUBURG, August 6.**  
Russian reinforcements have crossed the frontier and occupied a strong position to the north of Ani, thus threatening the right flank of the center of the Ottoman army. The Russian center is divided into three columns—at Ani, Golevna and Kuruklara. It numbers in all 63 battalions of infantry, 16 batteries and 8,500 cavalry. Ismail Pasha is about one hour's march west of Bayazid.

The Russians in Europe are falling back in disorder before the victorious Ottomans. Another battle has been fought south of the Balkans by which Sultan Pasha has recaptured Kazanlik, at the southern mouth of Schipka Pass, with all of its guns and material, driving General Gourko pell-mell across the mountains. This is the chief incident since the battle of Plevna. The Turkish divisions from Plevna and Lofticha now occupy Selvi, and the Russians are melting away before the Turkish troops.

**LONDON, August 6.**  
A telegram from Bucharest announces that Mehmet Ali and Osman Pasha have defeated the Russians at Timova, with a loss of 15,000 killed and wounded.

The successes of the Turks have upset the calculation of Bismarck, who is now actively intrigué with Russia and Austria in expectation to influence the latter to consent to a passage of the Russian reinforcements through Serbian territory to a position of advantage on the Turkish left flank. Austria wavers on the presence of uncertainty of action on the part of the British Government, while the latter is evidently anxious to let the Turks fight it out, their success having much relieved the embarrassment of the Ministry. England, much as she desires to maintain neutrality, could hardly permit an active combination of the three Emperors to rob Turkey of the results of her victory. The political situation at this moment is as critical as it is interesting. England is as uncertain as ever, Russia is appealing to Germany, and the situation therefore is almost wholly under control of Austria, who in turn fears to be firm, while the Turks are massed on the Russian frontier in Asia.

**SAN FRANCISCO, August 6.**  
J. E. Daly a stock broker, was shot on Montgomery street this morning by L. H. Hanks Consul for Guatemala. Hanks approached Daly from the rear and when abreast of him suddenly turned, and, placing the pistol almost against his breast, fired without warning. The shot struck Daly in the right breast above the nipple and ranged across toward the left side. Hanks was immediately taken into custody while Daly was carried into Wakelee's drug store where he died about three quarters of an hour afterward. The affair is the sequel of an affray at the Palace Hotel yesterday, in which Daly, his partner Kurandel, and Hanks were involved. The trouble originated between Hanks and Kurandel, Daly taking it off the latter's hands. Blows were freely exchanged, but the parties were separated and the shooting this morning was the first intimation that the row was to be renewed. Daly is about 34 years of age and leaves a family in Hartford Conn.

The Bulletin cautions the public not to purchase the shares of the Eureka Consolidated at current rates, stating that the control can be traced to a half dozen hands, and intimating that present quotations are merely "wash" sales; all of which shows that the Bulletin doesn't know what it is talking about. Law suit or no suit the Eureka is the best buy on the list at the ruling figures. —[Sentinel.]
